## No Es Pituko Cabernet Franc

This month we're featuring a funky natural wine from Chile, which goes great with a (you guessed it) chill! "No Es Pituko" is a line of natural wines from Vina Echeverria, a family producer that dates back to the 1920s. Their Cab Franc is perfectly lean for cooler treatment, it's driven by tart fruit but still holds just a touch of the grape's signature spice. Heavy tannins can make a chilled red taste bitter, but the texture here is quite fine and dusty, adding just a subtle hint of texture.
